Hello friends! Are you ready to chat?

The Gill-Villeans at 14:29 PM, 20 Sep 2010 via web

We are in the room and ready to chat.

Mrs. Burmeister at 14:33 PM, 20 Sep 2010 via web

What do you think the planet on the cover might be about?

Mrs. Burmeister at 14:34 PM, 20 Sep 2010 via web

We just noticed that you read the back cover. We have not done that yet because we are reading on line. Can you give us some information?

The Gill-Villeans at 14:35 PM, 20 Sep 2010 via web

a pilot is stranded in the desert and a stranger asks him to draw a sheep.

Mrs. Burmeister at 14:36 PM, 20 Sep 2010 via web

We do know the pilot does get paper and pencil out...

Mrs. Burmeister at 14:37 PM, 20 Sep 2010 via web

We are predicting that an astronaut has traveled to another planet who finds a little prince.

The Gill-Villeans at 14:37 PM, 20 Sep 2010 via web

We also thought it was another planet.
One we have not heard of.

Mrs. Burmeister at 14:38 PM, 20 Sep 2010 via web

Do you think the desert is on Earth or
this other planet?

The Gill-Villeans at 14:39 PM, 20 Sep 2010 via web

The majority here feel it is on this other
planet? What you do you think?

Mrs. Burmeister at 14:40 PM, 20 Sep 2010 via web

Most of us believe it's a different planet.
We have one skeptic that thinks it's on
Earth. Very interesting!

The Gill-Villeans at 14:41 PM, 20 Sep 2010 via web

Do you think that the little prince's
parents will appear in the story? We
think he's a young prince.

The Gill-Villeans at 14:42 PM, 20 Sep 2010 via web

What if there was no paper and pencil.
Someone thought they could draw on the
sand.

Mrs. Burmeister at 14:42 PM, 20 Sep 2010 via web

We think the prince ran away, he looks
sad on the cover. His parents will try to
find him.

Mrs. Burmeister at 14:44 PM, 20 Sep 2010 via web

Some of us think that aliens might invade

Earth and the prince will help save it.

The Gill-Villeans at 14:45 PM, 20 Sep 2010 via web

We talked about aliens as well. We think the prince is not from Earth and is nice and whats to help us.

Mrs. Burmeister at 14:47 PM, 20 Sep 2010 via web

He could use his finger and draw on his back. He could feel the drawing instead of seeing it!

The Gill-Villeans at 14:47 PM, 20 Sep 2010 via web

There is someone that thinks the aliens took the prince to the other planet. Do you think that is possible?

Mrs. Burmeister at 14:48 PM, 20 Sep 2010 via web

Some of us think that the prince is traveling around to different planets.

The Gill-Villeans at 14:49 PM, 20 Sep 2010 via web

Did you read the dedication? What do you think of writing a story for someone when they were small?

The Gill-Villeans at 14:50 PM, 20 Sep 2010 via web

We think the prince wants to help and explore other planets. We will read that today. But will talk about it now.

Mrs. Burmeister at 14:50 PM, 20 Sep 2010 via web

We think he wrote it so others know what

life was like and to know about their lives.

Mrs. Burmeister at 14:52 PM, 20 Sep 2010 via web

We thought that it was strange to write for a person who is an adult but dedicate it to them when they were young. Can you go back in time?

The Gill-Villeans at 14:52 PM, 20 Sep 2010 via web

We are not sure we can go back in time but everyone wants to.

Mrs. Burmeister at 14:53 PM, 20 Sep 2010 via web

Thank you for sharing with us today. We have to go for our nutrition break. We look forward to chatting again! Enjoy chapter one!

The Gill-Villeans at 14:54 PM, 20 Sep 2010 via web

Thank you so much. We will talk soon.
